

We are stewards of this land. We feel responsible for its care and protection. We understand that we are merely passing through, and the land belongs to the future. Walking through the vineyard with the earth under your feet and the sun upon your back, you can't help but feel moved by the surrounding beauty.

Each glass of wine contains the memories of the hands that helped harvest, the sun that ripened the fruit, and the rains that brought worry - time truly encapsulated in a bottle.

And at the end of each day, we are grateful.

**State and Federal regulations regarding shipment of wines frequently change. Please check with us for current legal shipments to states within the USA. The buyer is solely responsible for shipment of alcoholic beverage products. We make no representation relative to your right to import wine into your state. By placing this order, you authorize us to act on your behalf to engage a common carrier to ship your order.*

Workings

Approximately four times each year (currently March 1, July 1, September 1 and December 1), our winemaker, Rachael Martin, selects a special wine for release to members. Occasionally, the selected wine will not be made available to the general public. Included in each release are Rachael's detailed notes about the wine, the harvest, and other winemaking aspects. You will be notified approximately 3-4 weeks in advance of each release via email. You can also check our website at www.redlilyvineyards.com for club news.

Members may choose to have their wine shipped via UPS or they may pick up the wine at our tasting room. UPS requires an adult (21 years or older) signature for delivery of wine, so we recommend shipping to a business address if you may not be home to receive the shipment. If you elect to pick up your wine and you do not do so within 3 months, we reserve the right to substitute a comparable wine.

Payment

Once you become a Red Lily Wine Club Member, a special account will be created for you using your credit card. For each wine club selection, your credit card will be charged automatically, usually on the first day of the release month. You will be notified via email that your wine is being shipped or is otherwise available to be picked up at our tasting room. Members who have their wines shipped will be charged shipping fees based on the number of bottles and applicable UPS rates.

Wine Club Account

Please note all communications with wine club members are conducted via email. (Notices will also be posted to our website.) It is therefore important that you keep your member information, particularly email and credit card information, updated.

That's it. Once you have logged on, you can update your email, credit card information, and other personal information. All information is kept in a secure, encrypted site.
